Our Library is doing an excellent work. Our townspeople are reading more and students are taking out more books. From a small beginning we now have over two thousand books, a house and lot free from debt. We have standard works in history, poetry, biography and fiction. We have shelves and cases so that each kind is by itself and tables on which books of reference may conveniently be read. You are generous in money for Schools, the Library is a school for all.

Respectfully submitted,

ABNER DAVIS,

For Trustees.
